GitHub: <https://github.com/MukisaSam>

Mukisa Samuel is Tech enthusiast, a software engineer with expertise in systems development, web development, ethical hacking and penetration testing. Skilled in designing secure and efficient systems using diverse programming tools. Excels at investigating new technologies, resolving intricate problems, and maintaining software and hardware systems.

Skills and Competencies

- ◆ Statistics and Probability
- ◆ Machine learning
- ◆ Qualitative and Quantitative Data Analysis
- ◆ Data Structures and Algorithms
- ◆ Embedded systems and IoT
- ◆ Conceptualizing development projects
- ◆ Innovative
- ◆ Agile Programming Methodologies
- ◆ Data Processing
- ◆ Demand Forecasting/Planning
- ◆ Project Management and Planning
- ◆ Presentation and Communication Skills
- ◆ Problem Solving Skills
- ◆

Other Skills

- Proficient Kobo Toolbox for data collection.
- Data management skills in managing large datasets, providing insights to stakeholders and development of digital tools and systems.
- Strong skills in Python programming for data analysis, visualization, and communication as well as machine learning.
- Knowledge of Advanced excel (such as PivotTables, charts and graphs) for data management, analysis and visualization to present data in an easy-to-understand format and create interactive dashboards.
- Ability to train enumerators and deliver successful consultancy activities.
- Knowledge of Office for collaboration and document management.

- Excellent problem-solving skills and ability to work under pressure to beat deadlines.

WORKING EXPERIENCE

July 2025 – present Chief Systems Officer, Zentara Holdings Company Limited

My key role is to develop and maintain all company software systems while providing technical support and training to staff members. Troubleshoot hardware and software issues, implement system security protocols, and translate complex technical concepts into simple terms for non-technical users. Maintain comprehensive system documentation, generate technical reports, and ensure optimal system performance across the organization.

Dec 2022 - present Data Analyst, Freelancer

My key role is to analyze complex datasets using statistical methods to generate actionable insights and comprehensive reports for clients. Apply advanced proficiency in Python, MySQL, Excel, and Kobo to clean, process, and visualize data, improving operational efficiency and supporting data-driven decision-making. Design and implement data collection systems, conduct trend analysis, and present findings to stakeholders in clear, accessible formats.

Aug 2023- July 2025 Teacher, St Mary's SS, Kiboga

Taught Advanced Mathematics to secondary school students, breaking down complex mathematical concepts into understandable lessons for diverse learners. Prepared comprehensive lesson plans, conducted regular assessments to monitor student progress, and provided one-on-one support to students requiring additional assistance. Developed and delivered engaging instructional materials, maintained detailed records of student performance, and adapted teaching methods to accommodate different learning styles and abilities

Education Background

Aug 2024 - present Bachelor of Science in Software Engineering

Makerere University - Kampala, Uganda

Jan 2022 - Dec 2023 Advanced level

*Mengo Senior School - Kampala, Uganda
(20points in PCM)*

Jan 2017 - April 2020 Ordinary level

Rines Secondary School - Wakiso, Uganda

Other Certifications and Achievements

- 5th position in Advanced Level Math Contest - Uganda Mathematical Society

- 20points in UACE – Physics, Chemistry and Mathematics

Software/Programming Languages

- | | |
|----------------------------|--------------------------------|
| ◆ Python | ◆ Machine and Deep learning |
| ◆ C Programming | ◆ Laravel |
| ◆ Java | ◆ IBM SPSS Statistical Package |
| ◆ HTML, CSS, PHP | ◆ JavaScript, TypeScript |
| ◆ Flutter | ◆ Microsoft Azure, AWS |
| ◆ Microsoft Product Family | ◆ SQL |

Languages

- | | |
|-----------|------------------------|
| ◆ English | ◆ ◆ ◆ ◆ ◆
Excellent |
| ◆ Ganda | ◆ ◆ ◆ ◆ ◆
Excellent |
